SUPT. HENRY E. COOPER HAS RESIGNED

Other Officials May Do Likewise

Henry E. Cooper, Superintendent of Public Works, this morning tendered his resignation to Governor Dole, to take effect when Mr. Dole retires from office. Mr. Cooper will associate himself with the law firm of Kinney & Mc Clanahan. Mr. Cooper feels that Mr. Carter as Governor should be free to make his own appointments to department offices. It is likely that all other heads of departments will follow Mr. Cooper's example in tendering their resignations, so that Mr. Carter as Governor will be free to call about him his personal friends or those whom he considers best able to carry out the contemplated policy of his administration.

On receiving Mr. Cooper's resignation this morning the Governor transmitted the following letter to him:

(COPY)

EXECUTIVE CHAMBER.

HONOLULU, Oct. 31st, 1903.

HON. H. E. COOPER, Superintendent of Public Works,
Honolulu, T. H.

Sir:—Your letter of resignation to take effect contemporaneously with my resignation as Governor has been received.

In accepting same, permit me briefly to express my enthusiastic appreciation of your services to the Executive division of the Government from the time you gave up a life position in the courts to take up the uncertain tenure of Minister of Foreign Affairs. In these services in which you have held all of the leading executive positions, and sometimes several of them at once, you have won my confidence in your ability and your patriotic devotion to the public interests and your personal loyalty to me as well.

I cannot forget the several critical periods in the administration of public affairs in which your assistance and advice has been most valuable and vital. I wish you all prosperity and success in the professional work which I understand you will take up upon the termination of your official duties.

Very respectfully,

(Sig.) SANFORD B. DOLE.

NAMES FOR SECRETARY

Joe G. Pratt, the attorney, has announced himself as a candidate for Secretary of the Territory when Mr. Carter assumes the Governorship.

Mr. Pratt will have a very strong local endorsement for the position. His work in Washington in promoting the appropriation for the fire claims payment gave him a reputation as a capable worker. He is popular among all classes and will unquestionably have the support of the Merchants' Association.

Clarence L. Crabbe, chairman of the Republican Territorial Committee and president of the Territorial Senate, is also a factor in the Secretaryship contest. Senator Crabbe has been a warm supporter of Mr. Carter since the Territorial campaign of 1902 and it is known that Mr. Carter has the kindest feelings toward him. Mr. Crabbe could summon a very strong support for the place should he make the contest.

A. L. C. Atkinson stated this morning that he is not a candidate for Territorial Secretary.

IWALANI BACK.

The steamer Iwalani arrived from Hawaii ports this forenoon at 10 o'clock with 2,263 bags H. sugar and 30 head cattle. Pursuer Logan reports as follows: "Strong northeast trades on both trips. At Punaluu weather was very rough, strong winds and heavy seas. Cleaned out Honolulu warehouse of sugar. Mokuawewe seems to be rather quiet. No fire was visible from the steamer."

WOMEN'S AUXILIARY.

The postponed meetings of the Women's Auxiliary and Guild of St. Andrew's Cathedral will take place on Monday next, November 24, at 2:40, at the home of Mrs. C. Montague Cooke, College Hills, near the terminus of the Manoa branch of the Rapid Transit Co. A full attendance of the members is requested, as Mrs. Emory will give some account of her recent visit to the mainland.

Secretary-Governor Carter TALKS OF Changes In Official Circles

"WASHINGTON, Oct. 31.
"DOLE, Honolulu.
"President announces your appointment as Federal Judge and Carter as Governor.
"Secretary."

"WASHINGTON, Oct. 31.
"CARTER, Honolulu.
"President announces your appointment as Governor and Dole as Federal Judge.
"Secretary."

Governor Dole and Secretary Carter received the above cablegrams from Washington shortly before 9 o'clock this morning. When the messages arrived neither the Governor nor the Secretary were in their offices in the Capitol and the cables were at once sent to them at their respective residences. Soon after the receipt of the notices

of appointment both Mr. Dole and Mr. Carter arrived at the executive building, where heads of Government departments and others were gathered to congratulate Governor George R. Carter and Federal Judge Sanford B. Dole.

The latter dictated the following to be sent to Washington:
"In view of appointment as United States District Judge, I hereby tender my resignation as Governor, resignation to take effect upon my taking oath of office."

Mr. Carter prepared a similar communication, his resignation as Territorial Secretary to take effect upon his taking the oath of office as Governor.

The following cable was received by Mr. Carter from the New York corporation with which he did business in the matter of the Territorial improve-

ment bonds:
"NEW YORK, Oct. 31.
"HON. GEO. R. CARTER,
Honolulu.
"Please accept our congratulations upon your appointment as Governor.
"U. S. MORTGAGE AND TRUST COMPANY.
"CALVERT BREWER."

Asked as to his probable recommendations as to the Secretaryship, the appointment of new heads of Government departments or his re-appointment of the present department heads and other matters which will come to his immediate attention as Governor upon the receipt of his commission as such from Washington, Mr. Carter said:

"I shall do nothing hastily. It will be time enough to consider any (Continued on Page 4.)

Senate To Confirm New Appointments

WASHINGTON, D. C., Oct. 31.—It is definitely determined that President Roosevelt will appoint Governor Dole to the District Judgeship made vacant by the death of Judge Este. Secretary George R. Carter will be appointed Governor to succeed Mr. Dole.

The appointments of Dole and Carter will be sent to the Senate as soon as it meets in extra session.

HEALTH BASEBALL

Baseball is a game of such enticing qualities that even Board of Health men have come to the front with a deft which they have flung in the face of the Wilder Steamship Company team. The latter were not at all slow to accept, and the consequence is that there will be a game between these two organizations on the Makiki parade grounds Sunday afternoon, beginning at 2 o'clock. There will be refreshments, but the boys do not want anything said about the matter for fear of the falling off there might be in the attendance. The steamship team will be the same as that which played recently against the Inter-Island and boys. The line-up of the Board of Health players will be as follows: Kane, c; Bush, p; J. Visser, 1b; Jackson, 2b; Beckley, 3b; Simerson, ss; Hanakahl, cf; Kikila, rf; Kanakaole, lf.

A BAND ANNIVERSARY

The twelfth anniversary of the Concordia band, an organization of Portuguese musicians, falls on this day and in celebration of the event the boys will give a big reception and dance in Concordia hall, Punchbowl street, this evening, beginning at 8 o'clock. There will be refreshments and it is expected that the attendance will be in the neighborhood of two hundred and fifty couples. A fine time is anticipated. The hall is to be beautifully illuminated in the national colors and with flowers and greenery and long strings of Japanese lanterns will illuminate the grounds and building. The entertainment to the many friends of the Concordia band will be in charge of J. J. Kane, c; Bush, p; J. Visser, 1b; Jackson, 2b; Beckley, 3b; Simerson, ss; Hanakahl, cf; Kikila, rf; Kanakaole, lf.

MOSQUITOES SOON TO BE GIVEN KNOCK OUT BLOW

The mosquito committee is at present doing active and energetic work exterminating the noxious pest by various means. The Public Works Department this morning granted the request of the committee to look after the sewers which are known to be a favorite breeding place for the larvae of the mosquito.

Hereafter the sewers and catch-basins will be made very unpleasant for the larvae as the latter are to receive a dose of crude oil regularly every two weeks. They will also be oiled every time a freshet has cleaned them out.

The garbage department is also giving the mosquito committee material assistance by carting away thousands of empty tin cans which have heretofore served as excellent nurseries for the baby mosquitoes.

Professor Edgar Wood is taking an active interest in the campaign. He will, in conjunction with the mosquito committee, conduct a series of important experiments.

On the grounds of the Normal School at the corner of Port and School streets, of which Prof. Wood is the principal, are several small patches of rice and taro, which are employed in the instruction of the pupils on the subject of the growth of these staple products. These patches are to be coated with crude oil.

The object in view is to ascertain whether the crude oil can be employed in rice and taro patches without injuring the plants.

Mr. Larnach, who is superintending the campaign, is doing very energetic work and is meeting with success. Over one hundred gallons of crude oil have been ordered and will be used for various places when it arrives. The matter of raising subscriptions is also progressing in a satisfactory manner. Over \$200 has been subscribed.

ANDREWS OUT OF HENDRICK'S CASE

Judge De Bolt this morning granted defendant's motion to dissolve attachment in Axtell vs. Hendricks and set hearing for new trial for Wednesday morning. Plaintiff objected to Attorney General Andrews appearing for defendant on the grounds that the case was one which alleged malfeasance in office and might develop into a criminal matter, in which event the Attorney General in his official capacity might be called upon to prosecute him he was now defending.

Judge De Bolt did not believe such a contingency would arise but suggested to Mr. Andrews that his withdrawal might be the wisest course. Andrews accepted the suggestion and withdrew. Judge De Bolt did not grant plaintiff's motion to strike out Andrews' name as appearing for defendant, merely making the suggestion as above, Andrews acting thereon.

AMALGAMATION SETTLED.

Some time ago it was announced exclusively in the Bulletin that there was to be an amalgamation between Peck & Co. and Hustace & Co., both of which corporations carry on a transfer business. There was a slight hitch in the way at the time but the difficulty has been surmounted and the two firms have amalgamated finally, the new combination to be known as "Hustace, Peck & Co." There will be a meeting today and another Monday at which the minor details of the amalgamation will be settled.
